

Weaving with Moonbeams

*A musical encounter
with Naomi Kojima and Makiko Yashiro*

Date: 23 December 2007
Time: 7:00 pm

Moonbeams weaving the night
Picking up strands of music
Enfolding us in its beauty

Fingers fly on the keyboard
Threading the notes all together
I soar high in the sky, far away

Bow glides on the strings
The wind stops to listen
Moonbeams shiver with joy!
